

ISTC 2026 EXAMINATION SYLLABUS

International Science and Technology Competition 2026

No	Subject / Sub-Topic	Total	Learning Objectives
1	Environmental Technology	50 Questions	3R/5R Principles, Waste Management & Composting, Renewable Energy (Solar, Wind, Water, Biogas), Water Treatment & Desalination, Global Warming Impact & Environmental Solutions.
2	Smart Robotics	50 Questions	Basic Robot Components, Sensor Functions (Ultrasonic, IR, LDR, PIR, Temperature), Motors/Actuators, Basic Microcontroller (Arduino), Robot Programming Logic.
3	Science In Action	50 Questions	Scientific Method & Experimental Variables, Measuring Instruments & Lab Safety, Applied Physics (Force, Energy, Light, Sound), Simple Chemistry (Acid-Base, Separation), Applied Biology.
4	Mathematic	50 Questions	Number Operations & Social Arithmetic, Algebra & Linear Equations, Plane & Solid Geometry, Pythagorean Theorem, Basic Statistics & Probability.

Total: 200 Multiple-Choice Questions | Duration: 90 Minutes
